Consent for Services

As a condition of your treatment by this office, we depend upon reimbursement from the patients for the costs incurred in their care and financial responsibility on the part of each patient must be determined before treatment.

All dental services, scheduled or emergency must be paid in full at the time services are performed.

Patients who carry dental insurance understand that all dental services furnished are charged directly to the patient and that he or she is personally responsible for payment of all dental services at time services are rendered. This office will help prepare the patients insurance forms or assist in making collections from insurance companies and will credit any such collections to the patient's account. However, this dental office cannot render services on the assumption that our charges will be paid by an insurance company. In the event that there is a balance due after insurance companies have paid their portion, the balance is due in full upon notification from our office. Any balance older than 30 days may be charged 18% interest (1.5% per month). ***Dr. Widen <u>IS NOT</u> a participating provider with any insurance company!***

I understand that any fee estimate given for my dental care can only be extended for a period of thirty days from the date of the patient examination.

In consideration for the professional services rendered to me, or at my request, by the Doctor, I agree to pay therefore the value of said services to said Doctor, or his assignee, at the time said services are rendered. I further agree to pay all costs and reasonable attorney fees if suit be instituted hereunder**.**

Regarding scheduled appointments:
This time is reserved specifically for you. In our practice we do not hop from room to room and schedule a bunch of patients at the same time. Our time is dedicated solely to you and you will seldom if ever have to wait. Because of this, however, it is very important that you don't miss any appointment. So please call us 48 hours in advance to reschedule if necessary. The one thing we can't accept in our office is missed or last minute cancelled appointments. Our individual dedicated scheduling is one of the things that make this practice so unique and special for our patients, but it also makes missed appointments catastrophic. **I understand that I will be charged a $75.00 fee (150.00 for Saturday) per half hour, if I fail to show for my appointment, cancel or reschedule with less than a 48-hour (72 hour for Saturday) notice. Pre-payments are non-refundable but will be applied to future dental work.**

I grant my permission to you or your assignee, to telephone me at home or at my work to discuss matters related to this form.

I have read the above conditions of treatment and payment and agree to their content.
